Attention: Jared Morrison – Manager, Water and Waste Programs

Subject: Notification Establishing Assessment Monitoring Program  
Pursuant to CCR Rule 40 CFR § 257.94(e)(3)  
Jeffrey Energy Center – Fly Ash Area 1 Landfill and Flue Gas Desulfurization Landfill

Dear Mr. Morrison:

On behalf of Westar Energy, Inc. (Westar), in accordance with 40 CFR §257.94(e)(3) of the U.S. Environmental Protection Agency Federal Coal Combustion Residuals (CCR) Rule (40 CFR § 257 and 261), Haley & Aldrich, Inc. has prepared this notification that an assessment monitoring program has been established for the Fly Ash Area 1 Landfill and the Flue Gas Desulfurization Landfill at the Jeffrey Energy Center. A statistically significant increase (SSI) over background levels for one or more constituents listed in Appendix III has been determined for the CCR units. Per 40 CFR §257.94(e)(2), a successful demonstration that a source other than the CCR unit caused the SSI over background levels was not completed within 90 days of the SSI determination, and the assessment monitoring program was initiated. The assessment monitoring program has been established to meet the requirements of 40 CFR §257.95.

Please contact Steve Putrich at (330) 310-6800 with any questions or comments you may have regarding the content of this letter.

Sincerely yours,  
HALEY & ALDRICH, INC.

A handwritten signature in black ink, appearing to read "Steve Putrich".
