Rebates valid for measures installed on or after Oct. 21, 2024, for Evergy Missouri customers.

*All systems are required to be Air-Conditioning, Heating and Refrigeration Institute (AHRI) certified at the SEER2 ratings as shown in the chart. SEER2 ratings and certification require installation of a matching coil and may require installation of a new furnace or air handler. Ask your contractor for details.

[†]Maximum Incentive = Maximum payout per measure for Missouri Energy Efficiency Investment Act 3 (MEEIA) from Jan. 1, 2020, through Dec. 31, 2024.

[‡]Spire natural gas customers are eligible for both the Evergy and Spire rebates.
