

INCOME-ELIGIBLE MULTI-FAMILY COMMON LAUNDRY REBATE PILOT PROGRAM

Get Rebates on Commercial Washing Machines

For a limited time, income-eligible multi-family properties can take advantage of valuable rebates from Evergy when they lease high-efficiency commercial washing machines to replace old, inefficient models in shared laundry rooms. ENERGY STAR® certified commercial washers save energy and money with every load. Because they have more capacity, some models can wash over 20 pounds of laundry at once compared to 10–15 pounds with standard top-loaders. More capacity means residents can run larger loads and spend less time in the laundry room. Everyone wins with ENERGY STAR.

REBATE AMOUNT

A **\$700 rebate** is available for each ENERGY STAR certified front-loading commercial washing machine you lease.*

PROPERTY ELIGIBILITY

- ▶ Your property must be in Missouri.
- ▶ Evergy must be your electricity service provider.
- ▶ Housing must be subsidized, or at least 50% of residents must be at or below 200% of the federal poverty limit.
- ▶ Only all-electric properties are eligible.

Make your property more attractive to current and future residents with high-capacity, high-efficiency clothes washers that use less energy and water.

EQUIPMENT ELIGIBILITY

- ▶ Only ENERGY STAR certified commercial-grade washing machines qualify for a rebate.
- ▶ They must be front-loading models and located in common areas only.
- ▶ You must provide a signed copy of the lease agreement or documentation that identifies the quantity, model numbers, and purchase and installation costs for all machines you want rebates for.

HOW TO GET STARTED

To apply for your rebate, simply complete the Common Laundry Rebate Pilot Program application at [evergy.com/IEMFLaundry](https://www.evergy.com/IEMFLaundry) or call **816-772-1007** for more information.

*The Common Laundry Rebate Pilot Program is for the installation of leased commercial-grade clothes washers in common areas only. Residential-grade machines are not eligible to receive a rebate through this program. Neither commercial nor residential dryers are eligible for rebates.
