

CSR Attachment A: Contractor Orientations

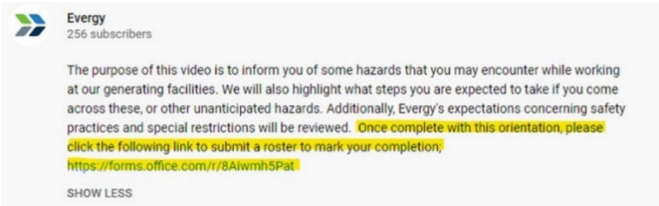

There are three Evergy orientations within the ISN and YouTube platforms:

- a. General – Work that does not encompass Field or Generation work described below.
- b. Generation – Work provided to Evergy's Generation / Power Plants. *(Includes information contained in the General orientation).*
- c. Field (Part 1 – Hot Work and Part 2 – Clearance) - Work provided to Evergy's Transmission, Distribution and Substation system. *(Includes information contained in the General orientation).*

ISN - If a Contractor or Sub-Contractor is subscribed to ISN, follow this workflow.

1. Evergy must assign Contractor companies one of Evergy's training modules through the ISN system.
2. The Contractor company must then assign the training to their individual employees.

YouTube - If a Contractor or Sub-Contractor is NOT subscribed to ISN, follow this workflow.

General	https://youtu.be/JhekEdcTNU4
Generation	https://www.youtube.com/watch?v=hPvsg6mBRLs
Field – Clearance and Hot Work Permit	https://youtu.be/T3lhmzv5x10 - (Revised 2024 07)
Storm Orientation Clearance Procedures	Evergy Storm Orientation - Clearance Procedure For Mutual Assistance Crews (2024) (youtube.com)
Storm Orientation Knowledge Check	Storm Orientation: Clearance Procedure Quiz (office.com)
For the Generation, Field and General Orientations: After review of the video, Contractor employee must submit a roster to mark completion. See text to the right which is provided in the commentary for the YouTube orientations.	

Note:

- (1) Contractor Companies have the option to view the orientation in a group setting and provide individual credit to their employees within the ISN and YouTube platforms.
- (2) Evergy does not have the capability to view our contractor's ISN platform and make individual training assignments. You will need to contact your company's ISN Program Administrator for assistance.
- (3) If your company needs assigned one of Evergy's ISN orientation modules, contact your Evergy Appointed Representative.
